Rubrics

MCA – Review III Rubric (100 Marks)

Criterion	Weight (Marks)	Excellent	Good	Average	Poor	Very Poor
1. Project Implementation & Functionality	25	**22–25:** Entire system implemented with all modules functioning as per proposed design	**17–21:** Most modules implemented with minor functional gaps	**11–16:** Core modules working but several features incomplete	**1–10:** Limited functionality implemented	**0:** No working system
2. System Integration & Database Connectivity	15	**13–15:** Complete integration between UI, backend, and database; system runs smoothly	**10–12:** Integration mostly complete with minor issues	**6–9:** Partial integration demonstrated	**1–5:** Weak or unstable integration	**0:** No integration
3. Testing, Validation & Error Handling	15	**13–15:** Comprehensive testing performed with proper validation and error handling	**10–12:** Most functionalities tested with minor gaps	**6–9:** Limited testing conducted	**1–5:** Minimal testing with major issues	**0:** No testing evidence

4. Project Demonstration & Technical Explanation	20	**17–20:** Clear and confident demo showing full workflow with strong technical explanation	**13–16:** Good demonstration with minor explanation gaps	**8–12:** Partial demo with limited clarity	**1–7:** Weak demo or poor explanation	**0:** No demo
5. Final Project Report Preparation & Documentation	15	**13–15:** Final project report prepared as per guidelines with all required sections completed and ready for submission	**10–12:** Report mostly complete with minor corrections required	**6–9:** Report partially prepared with several missing sections	**1–5:** Very limited documentation prepared	**0:** No report prepared
6. Presentation, Milestones & Professionalism	10	**9–10:** Well-structured, clear explanation of system, professional delivery, guide approval obtained	**7–8:** PPT and presentation mostly clear with minor issues	**4–6:** Basic PPT with limited clarity	**1–3:** Poor presentation and preparation	**0:** Absent / unprepared
